Dedication

To Peace

A FOOTPATH TO PEACE

TO BE glad of life because it gives you the chance to love and to work and to play and to look up at the stars; to be satisfied with your possessions but not contented with yourself until you have made the best of them; to despise nothing in the world except falsehood and meanness, and to fear nothing except cowardice; to be governed by your admirations rather than by your disgusts; to covet nothing that is your neighbors except his kindness of heart and gentleness of manners; to think seldom of your enemies, often of your friends and every day of Christ; and to spend as much time as you can with body and with spirit, in God's out-of-doors—these are little guideposts on the footpath to peace.

—Henry Van Dyke.

GRADUATES

Year after year unnoticed hastens by,
And school-life seems laborious at times,
With all its routine, and the daily grind—
That differs but a little as days pass.
But one day comes the nearing of the end,
The end of school days, and companionship
Of many suddenly grown dear.
And thoughts of leaving bring a loneliness,
No more our voices in the hall will sound—
Our laughter silent be forever, here
Where once we were the life and soul of all.
Strangers will come to fill the little space
Made by our absence, and the work and play
Of school—a thing so ordinary once, but now so big,
The loss of it appalls and brings fear,
Fear for the longings of our life to come.
Our parting is a victory, we have been
A part of all, and now our work is done;
Are leaving for the greater school of life
And therein is achievement and great joy.
But underneath the gladness is pain—
An ache of sorrow that we go away
And never shall return again, our love
Is with our Alma Mater, she whose care
Has filled our school days with dear memories.
That throughout all our lives will keep us true.
Farewell, we say with gladness and regret.
Our gratitude and hopes we leave with you
Our school, who gave to us so much
Good-bye, dear school, our hearts we leave with you.

A Message from the Minister of Agriculture

IT IS INDEED a pleasure to extend to the students of the O.S.A. the greetings of the Department of Agriculture through the medium of this Year Book. To our Greetings we add Congratulations to the Graduating Class upon successful completion of their course of studies.

For upwards of thirty years the Schools of Agriculture have proved a potent factor in the progressive development of our agricultural industry. The several thousands of young men and women who have been trained in these schools have demonstrated on their own farms and in their homes the approved farming practices and home-making methods that were learned during their course. They have provided rural leadership in their home communities. This long record of service was efficiently upheld during the last four years of the war by the Staff and Students of the O.S.A. alone, in spite of crowded conditions and other wartime handicaps, though some measure of relief was afforded by re-opening of the Vermilion School last fall.

But what of the future? We have entered the post-war period facing many difficult problems both at home and internationally. One of the most pressing of these is the world food supply, the successful solution of which will require our utmost abilities and efforts. The next few years are crucial ones when the Schools of Agriculture and every graduate will be called upon to assume greater responsibilities than ever and to give greater service. Let us all face the issue with confidence, resolved to make our contribution in our own limited sphere whether on the farm, in the class-room or elsewhere.

The keynote of our endeavors must be "Continued and Greater Service" to agriculture and to rural life in Alberta. With this as our watchword, we shall not fear for the future.

—D. B. MacMILLAN,
Minister of Agriculture.

"GREETINGS"

To Students and Staff

I APPRECIATE this opportunity to extend Greetings to the Students and Staff of the Olds School of Agriculture and to wish God Speed to the graduates of Class '46.

After a good many years of service with agricultural institutions and especially with the Schools of Agriculture of this Province, I have somewhat intimate knowledge of the full scope of your school activities. The essential objective of each student is successful completion of the prescribed course of training and study and a clean slate if possible at the final examinations. For the Staff it is to discharge one's instructional and administrative duties in the most efficient manner in order that the students may be well prepared for their prospective careers as future farmers and rural homemakers. There is real satisfaction only in a job well done, and I trust that students and staff, one and all, may feel content that they have attained these main objectives.

But another phase of school life of quite equal importance to studies and labs and shop is the social aspect and all those things referred to as student activities. The school residence is a practical training ground in the art of getting along with people and of living in harmony with one's friends and neighbors. Games and competitions have developed true sportsmanship whether in victory or defeat. Perhaps of greatest and most lasting value are the warm friendships that have been made both with fellow students and staff, many of which will last for one's lifetime.

But student days at the O.S.A. are only the threshold to life itself. A reasonable share of prosperity and true happiness is the goal that most of us aspire to. I am satisfied that your O.S.A. experiences will greatly assist you in reaching that goal.

—S. H. GANDIER,
Superintendent, Schools of Agriculture.

A MESSAGE FROM OUR PRINCIPAL

MY FIRST WORD to those who are graduating must be one of congratulation on having successfully completed your course, on having reached your immediate goal.

Yours is the first class in six years to have gone out from these halls into a world where peaceful pursuits have precedence over war. Some of you have had personal experience of the struggle. For your part and the part all others like you have played, we owe and extend our thanks. We are glad to have had in our student body such an excellent representation from the navy, the army and the air force. We are happy that this school has been able to welcome this group to her halls and classes.

Former students numbering over two hundred have been in the armed forces. Happily most of them have returned to Canada and we have had pleasant visits from many. We shall cherish the memory of those who once were our pupils and gave their lives when duty called.

The war brought home to us in a very tragic way how vital agriculture is to the welfare of mankind. Never before in the history of the human race have so many people been on the verge of starvation. Millions in Europe are getting less than one-third as much food as is normally considered necessary to maintain reasonable health. Other millions are on short rations

Editorial

ONCE AGAIN we come to the close of another year at O.S.A. To many of us this is the last bit of formal education that we shall receive.

We are the first class in six years to graduate into a peaceful world and to us has fallen the duty of maintaining the Peace. We must not fail in this for the very existence of mankind is at stake. To win the peace we must begin now—at home—in our everyday lives.

Here at O.S.A. we have learned the value of friendship, co-operation and service to others. As we leave our school and pass through the Gate of Gates let us remember these lessons.

Henry Van Dyke in his *Footpath to Peace* tells us in simple language just how we may win the Peace: "To covet nothing that is your neighbor's except his kindness of heart and gentleness of manners; to think seldom of your enemies, often of your friends and every day of Christ; to despise nothing except falsehood and meanness and to fear nothing except cowardice."

As we leave O.S.A. to make our way in the world let us not forget the thought of Henry Van Dyke nor the lessons in friendship that we have learned here.

Let us hope that we have upheld the traditions of O.S.A., that we have grasped the torch and held it high and that when we pass the torch on to those who come to fill the vacant places made by our absence, that they will hold it high.

—Robert Brandley.

YEAR BOOK STAFF

AGAIN ANOTHER year at O.S.A. has drawn to a close and we, the Year Book Staff, have endeavored to edit a year book, a short history of your stay at O.S.A. This book we hope will in the years to come bring back pleasant memories as you glance through its pages. Memories of incidents that occurred in classes, and in the dorm., of sport and social events, incidents that will be remembered and cherished forever.

We wish to thank all those who have given their untiring efforts and contributions to make this Year Book possible.

Valedictory

ON THIS, the evening of our graduation, we have finished in some cases, the last chapter in our education that has brought to us a feeling of security and knowledge.

To most of us it means departing from a place that will at all times remain an everlasting memory in our minds. In this memory will be a feeling of remorse, happiness, relief, and gratitude. We have bettered ourselves academically and socially. The companionship that has been gained will provide us with the grateful thought that we have new and lifelong friends throughout the province. This bond of friendship should be considered as one of our prized possessions.

With regret, yet a curious eagerness, we turn to the future; a future as unpredictable as this expansive west was to our great ancestors who pioneered here a hundred years ago. Tomorrow we set foot into the trials and tribulations of this unsettled war weary country with an object to find and maintain security and happiness. The knowledge that has been gained will enable us to be independent and free to carry on with our own desires and efforts.

In this stride let us not think only of ourselves. May we use our intelligence and Christian influences in the reconstruction of this war torn world. Not only will our responsibility lie in an effort toward feeding a hungry world. It is much more than that. It will be our duty to promote and in cases, lead our fellow men in the truth, co-operation, and the value of compromise. We have the satisfaction that we have been granted a democratic way of living. Let us therefore resolve to meet our respective destinies with high courage, calm determination and steadfast faith, holding fast to the instructions of our Alma Mater.

In closing may we, the student body, pay tribute to all workers of the staff and all personnel who have made our stay and education a pleasant one, and may the time come in future years when we will gather under this roof at Alumnae gatherings—Farewell and God Speed.

—CY. McANDREWS.

SECOND YEAR GRADUATES

★ ★

If a thing is worth doing, it is worth doing well.

★ ★

VARGE BENNETT—Magrath.

Varge arrived on the scene in Magrath on April 8th, 1925. He likes all sports—basketball, badminton, and girling. He has had experience as a farmer and intends to continue being one—and furthermore—a good one—when he leaves O.S.A. Varge spends his spare time sleeping, and his ambition in life is to be a bachelor.

He is a member of the School Orchestra.

BELLA ANDERSON—St. Lina.

Born? Why, yes, June 30, 1927, at Sugain, where she took most of her schooling. Several short courses at Edmonton preceded her arrival at O.S.A.—it was at one of these that she met her intended. Her weakness is writing letters to a certain someone up north.

Best of luck, Bella.

VICTOR BLOMGREN—Donalda.

Vic appeared in Donalda on October 13th, 1925 and has lived there ever since. A big, good-natured guy, well liked by all. His main interest in life is eating. He wants to become a farmer when he leaves O.S.A. and we all wish him success in this undertaking. His immediate ambition however, is to keep away from the girls' side.

GRANT HARRISON—Magrath.

Grant got his first glimpse of the world at Magrath on June 20th, 1925. He took his first year at O.S.A. in '43-'44 after which he spent a year in the Services to return for his second year this term. He is a noted basketball player and also plays hockey and badminton. His ambition is to be a girl in the next world so he can live a life of leisure.

DAVID BOYCE—Red Deer.

Dave beheld his first nurse on August 1st, 1926 and has never gotten over it. He took his public school at Horn Hill, and then went to Red Deer to take his high school. He is a prominent hockey player though he also plays basketball and baseball. He is very popular in the north dorm. and is frequently seen there. Pastime—Elsie.

MARION CAMERON—Okotoks.

Marion hails from the south. Born? Guess so. Where? Okotoks we're told, on December 16, 1925. After attending school in Okotoks for the past ten years she ventured up to O.S.A. to gain further knowledge. She is a good friend to everyone. Marion likes taking walks with a certain Second Year boy. Her greatest ambition is to become a good homemaker.

ROBERT BRANDLEY—Raymond.

Bob was born in Stirling on February 21st, 1925. He grew up in Raymond which is still his home town, after attending school there he went to Tech. before coming to O.S.A. He is well known for his happy smile, practical jokes, and water guns. Bob, being an industrious student, won the Searle Scholarship and this year has become the Editor of the Year Book. We all wish him good luck in the future.

LUCILLE FERSCHWEILER—Trochu.

This fair-haired, blue-eyed lass, better known as Freshy, appeared at Trochu on February 8, 1927. She completed her schooling there. Freshy is very popular among her classmates, and is one of O.S.A.'s most all-around girls. To be a career woman is her greatest desire. We wish you success, Lucille.

DON BRYANT—Innisfail.

Don first viewed this world on a sunny day at Olds in 1924. From there he travelled to Ontario but Alberta called him back and he received his first schooling in Lousana and the remainder in Innisfail.

Always liking to travel, Don has most of Alberta from the Peace River to British Columbia and the U.S. border and intends to see more new places this summer. Don takes an active interest in most sports and recreation, especially skating, dancing and hunting.

WARWICK BURGESS—Beaverlodge.

Warwick first saw the stars over Staffordshire County, England, in 1926. His ambitions inspired his mother and father to come to Canada in 1930. His home ever since has been Beaverlodge, and after taking his schooling at Two Rivers, he took a long rest at home and decided to come to O.S.A. Warwick is well known for his 2 a.m. water fights and is a stalwart member of the stag trio. His favorite song is "Some Sunday Morning".

MARION FIEDLER—Carstairs.

This likeable little Carstairs girl, better known as Fideidler, opened her sparkling green eyes to the world November 30, 1927 in Saskatchewan. She attended Cremona High School until she decided to learn cooking and sewing at O.S.A. What a contribution to our school, for she's musical, athletic and is a friend of everyone. Marion's pastime is—can't you guess? Allan, of course.

RAY CHURCH—Balzac.

Ray first made his appearance known in Calgary as a bouncing baby boy on August 4th, 1927. He has resided at Balzac ever since, taking his public school at Balzac and his high school at Crescent Heights in Calgary. Ray seems to have a never ending interest in the North dorm., but he is a good student and is well liked by all.

VIOLET FITZPATRICK—Twin Butte.

Violet made her first bold appearance February 18, 1928, at Lethbridge. Following public school she ventured to O.S.A. to widen her field of knowledge. Vi always has a pleasant smile. Her favorite saying "So help me", and her ambition is to be a success in whatever comes along.

DONALD DAVIDSON—Alliance.

Don was born on July 26th, 1925 and has been on the go ever since. He took his first year in 1943-44 but was unable to come back last year, so he is completing the course this year. A hard worker, especially in the blacksmith shop, he is well liked and when he gets home he hopes to take over farming operations there.

ANGUS DAVIE—Youngstown.

Angus was born in Youngstown on March 23rd, 1923 where he received his public and high school education. First came to O.S.A. in the fall of '43 to further his education and came back this year to complete his course.

Weakness—A certain waitress.

Pet Saying—"Ray, you'd better get a girl."

Ambition—To get a Diploma.

JANE HOWAT—Carvel.

On the 18th of August, a bright sunny day,
The stork brought a bundle down Carvel way,
Her red hair and her smile win friends all galore,
At dramatics Jane Howat is tops evermore.

ARTHUR FLICK—Edgewood, B.C.

Art was born at Edgewood, B.C. in September, 1928. He received his public school at Edgewood and his high school at Vernon.

Art likes hunting grizzly bear and fishing. He is a lover of the wilds and out-door life. His ambition is to fly to and from their cattle range in an airplane. He is well known for his aversion for innocently carrying his pillow down the corridor after lights out.

GRACE JACOBSON—Wayne.

Our little Gracie opened her eyes October 25, 1929 at Drumheller. After coming to O.S.A. she has won the hearts of all who know her, not only for the pleasant smile she has for, but also for the part she takes in all social activities, organizations and for her contributions to the music department. She lives up to her name in every way. We wish you the best of luck as you journey on, Grace.

WAYNE GILLETTE—Red Deer.

It was a quiet October morning back in 1927, until Wayne Gillette was first heard. He had a good strong voice even then. Today he has quite a time whispering so as not to be heard in study periods. Wayne is really a good-natured sport and gets along with everyone. He attended public school at Pine Hill before coming to O.S.A. to become a modern farmer. We wish you luck in your future, Wayne.

DONALD GRAHAM—Lacombe.

Don blushed at his first nurse on May 1st, 1927 at Lacombe and has been blushing ever since. He is deeply interested in the North wing and is well liked on both sides. Right now his ambition is to get his room-mate up for breakfast but after that he would like to own a herd of Pure Bred Herefords. At night he attempts to beat Dagwood at making sandwiches in between pillow fights.

NELLIE JARVIS—Eckville.

Nell's first howling attempt for success was on the 26th of September, 1925. She then started her career by obtaining her high school at Dickson. Upon finding "Mr. Right" she decided O.S.A. was the place to learn to be a perfect wife. Nellie has been a very active student, winning the Gold Medal as one of her many achievements. She is very well liked for her happy-go-lucky spirit. Nell's pet saying: "Oh, Kay". Our sincere best wishes, Nellie.

ORRIN HART—Claresholm.

He first started to train his voice for square dance calling on November 21st, 1923. This red-headed product of the south-west is never idle whether it be work or play. Though he usually gets up at 6:30, occasionally he gets up at 1 or 2. Orrin is a photography fiend and at home trains horses, and hunts.

Ambition—to show Grand Champion Angus at the Chicago International.

GLADYS OLSON—Bawlf.

Gladys first winked her blue eyes on May 24th, 1926. After completing her schooling she decided she would like to take the Home Economics Course at O.S.A. Her greatest weakness is chasing mice down long corridor after lights out, and her desire is to get Trider out of bed for church on Sundays.

NORMAN HOPPINS—Huxley.

"Hoppy" was born in 1922 at Huxley. After completing his high school at Loyalty he came to O.S.A. to learn more about farming.

A studious, ambitious type, his pleasing personality and quiet, friendly ways have won him many friends. He is President of the Second Years and was Editor of the Chinook until he resigned to become Business Manager of the Year Book. Ambition—To go to University and then farm. Weakness—Norma.

ALFRED HUSBAND—Innisfail.

Born? Yes. In Innisfail in 1928. His greatest interest is getting into water fights after study period. He intends to get his diploma, then go home and teach the others how to farm. His favorite saying is, "Look out or I'll be forced to beat nobs on your head". Alf's aversion is sleeping in until the last bell goes.

STINE ORWOLD—Tilley.

Stine first made her presence known on January 20, 1926 in the town of Tilley. She finished Grade Eleven in Brooks and then came to O.S.A. to learn to be an efficient farmer's wife, which is very obvious. Her pastime is doing art work and poetry, and "Oh, Johnny".

Best wishes for the future, Stine.

HARRY JACOBSEN—

Harry was born in Drumheller on July 8, 1925. He has lived ever since on a farm near Wayne. When asked what his ambition was he replied, "To be a bachelor and a successful farmer." His favorite saying is, "I detest violence". His pet aversion is wine, women and music, especially with his meals.

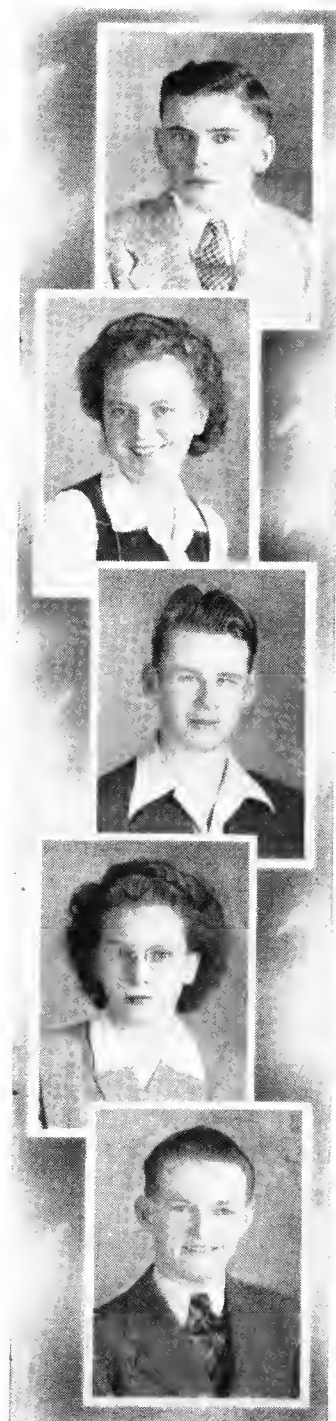

MARIE PARSONAGE—Innisfail.

Born? Why, yes! July 14, 1927 at Innisfail. "Mike", as she is more commonly known to us, has attended Innisfail and Red Deer High Schools and now it is her ambition to graduate from O.S.A. She ranks first rate in the world of sports, and as we all know, she walked off with the medal this year. She is popular in both wings, and delights in dancing and driving the Buick.

MURRAY JACKSON—Millarville.

Murray first opened his eyes and saw the nurse in Calgary on February 10th, 1928. After attending public school in Sheep Creek he decided that he knew all that there was to know, but the following summer he changed his mind and came to O.S.A. to learn a little more.

"Thar she blows" Jackson is interested in raising Pure Bred Herefords and planning the future for a certain blonde.

MARVIN LOHR—Stettler.

This renowned writer of parables started thinking up ways to get out of work on the 27th day of January, 1928. He decided to find out what life was like at O.S.A. after taking his public school and part of high school at Stettler. His main interest at present is reading, but he also enjoys skating and skiing.

ALICE RASMUSSEN—Magrath.

Alive gave her first howl on August 6th, 1927 at Magrath. She received all her schooling there, until coming to O.S.A. to further her field of knowledge. We will all remember her for her piano playing and humorous readings. She hopes to become a successful house wife.

CYRIL McANDREWS—Vauxhall.

It was a quiet afternoon back in 1926 when Cy first called for his bottle and he's been calling ever since. He took his public and high school at Vauxhall before coming to O.S.A. In the fall of '43 Cy won the Alberta Seed Grain Judging Championship and went to Toronto where he won the Canadian Championship. In April of '44 he joined the R.C.A.F. where he spent six months. He is well known in both dorms but is seldom seen around the North wing.

ELSIE SCHOWALTER—Hayter.

It was a happy day to all in Hayter when Elsie opened her eyes to the world on July 31st, 1926. A dark-haired lass and all around favorite. Her musical talent has brought her popularity throughout the boys' dorm as well as the girls'. Music isn't all, it could be those brown eyes. The sporting world also plays a great part in her social life. It looks as though Dave also plays a part in her life.

NEIL McKINNON—Dalemead.

"Gunsel" gave life to the southern rangeland on February 12th, 1926. After attending public school and part of high school at Dalemead, he attended Western Canada High School in Calgary. Following in his brother's footsteps, he came to O.S.A. for further education. His free, fine good-natured disposition cannot be forgotten. He has a "habit" of roaming the corridors after 10:30 and settling down in other fellows beds. A good hockey player—he is a favorite of both dorms.

RONALD McKINNON—Red Deer.

After receiving his education near Red Deer, where he was born, Ron came to O.S.A. to further his knowledge of agriculture. He hopes to put this knowledge to use on a farm near the Red Deer river. Ron is a good-natured fellow and is liked by all. Sport—Baseball.

Pastime—Taking things apart to make them work better.

CLARA STORCH—Morrin.

Clara was born January 14th, 1923 and hails from Morrin. She has a wonderful personality, always cheerful, never blue, always lending a helping hand to anyone in need. She is the Secretary of our Social Committee, takes an active part in all social and sport events, especially dancing and basketball. Clara spends her spare time doing crochet work, her pet aversion is to get third floor quiet after lights out.

PHILIP NELSON—Millet.

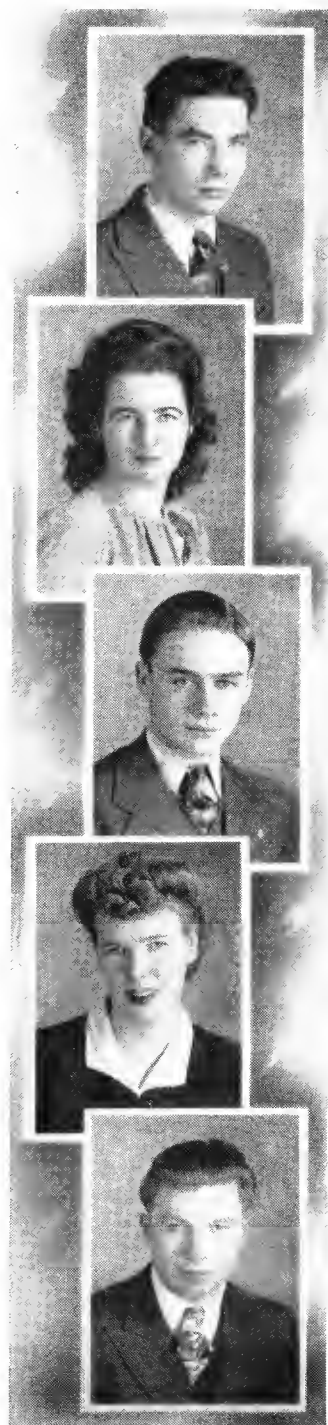

Philip took his first look at the world on Feb. 28th, 1928. After taking his schooling at Millet he came to O.S.A. He is especially interested in dairy farming, having a fine herd of Jerseys at home. Quiet but well liked by all, Philip spends a lot of his time trying to get Alf either into or out of trouble. He shows little or no interest in the North dorm. but spends his leisure time on the boy's side.

INA TRIDER—Whitlaw.

Ina hails from the North—up Peace River way. She made her first appearance at Fairview. November 1st, 1928. After completing her schooling there, she came to O.S.A. Ina's ambition is to be a hairdresser, although she is very much interested in photographic oil painting. She delights in mouse hunting after lights out.

GEORGE ORR—Kelsey.

George raised his first rumpus at Kelsey on Feb. 11th, 1928. He came to O.S.A. to learn scientific farming. He is a happy-go-lucky chap, a generous friend and a good sport. Proof of his firm hockey enthusiasm is displayed when you see him trudging to the Arena with at least a dozen hockey sticks over his shoulder.

BROCK PATTON—Bon Accord.

After spending 10 years at Huxley where he was born on December 29th, 1921, Brock went to Bon Accord which is now his home town. He took his schooling at Huxley and Bon Accord and came to O.S.A. in '41 for his first year but was unable to come back until this year. His sport is baseball, but his main weakness is the fairer sex.

Brock is noted for his willingness to talk farming at all times, especially in bull sessions.

SHIRLEY WATKISS—Sylvan Lake.

Our little Shirl. first saw the light on August 9th, 1926. Where? At Cardiff, Sask. She took her public and high school at Sylvan Lake, and in '44 she decided to take the O.S.A. course. Guess why? Well, she wants to get married and settle down.

PAUL PAWLOWSKI—Vilna.

Paul was born in Vilna where he took his public school. In 1940 he became Oat King of the world and in 1941 he took the Barley Championship. He took his first year in '41-'42 and then served for three years in the Services. He is a stalwart member of the "stag" trio.

Weakness—A girl back East. Ambition—To go to University.

GERALDINE WEBB—Swalwell.

Known to us all as "Jerry", hails from Swalwell and was born on January 25th, 1921. Jerry is our Athletic Representative and accepts much responsibility in our class work. She is ever thoughtful of others and with her industrious and determiner nature we feel she will achieve success in all her undertakings. Her ambition is to be a perfect homemaker. Good luck, Jerry.

FRANK READ—Bentley.

Frank first opened his eyes on midnight of September 8th, 1927. He first came to O.S.A. in the '43-'44 term but was unable to return until this year. He is interested in all sports, especially hockey and hunting. Indeed, his ambition is to bring home that 14-point buck. Favorite Saying—"I'm going to have to start studying soon."

RAY RIGNEY—Bon Accord.

Men like him are wanted everywhere. Ray was born in Edmonton in 1921. He received his education at Bon Accord where he was noted for giving teachers headaches. Ray is an outstanding character in bull sessions and back home is well on the way to becoming a successful farmer. Favorite Saying—"I can't get along with the women." Pet Aversion—Getting his room-mate out of bed.

PAULINE WESTFALL—Carstairs.

Born November 24th, 1924 at Carstairs. She received her education at Davenport School and came to O.S.A. to learn to cook and sew among other things. She will be remembered by the Second Years for her arguments with Mr. Benn and fellow students in Rural Sociology. Pauline wants to do everything to the best of her ability, and, along with her big brown eyes and long lashes, she will make real progress in the years to come. Best of luck, Pauline.

KENNETH RUXTON—Fawcett.

Ken was born on May 7th, 1928, in Edmonton and his home town is now Fawcett. He took his schooling at Thortonville previous to coming to O.S.A. Ken is quite a favorite in both dorms., especially in regard to brunettes. He took a scholarship in his first year here and this year is the Editor of the Chinook. A hard-worker who likes to get up in the morning to study. He does well in his studies when he takes time off from teasing Bob.

JEANETTE WORRALL—Didsbury.

Born? Yes, she was, on July 2nd, 1927. What a happy day for mama and papa Worrall, for she is the only one in the family. She is a happy-go-lucky girl and wins many friends with her flashing smile. High school attracted her for two years, but she decided to get a wider viewpoint of the world so came to O.S.A. The south wing doesn't interest her much as she has a one and only near home. Good luck, Jeanette.

CLIFFORD SCHOWALTER—Provost.

Cliff came into this world at Provost in 1923. He is especially noted for his violin playing and is in the School Orchestra. He is also interested in the North dorm., but this does not stop him from being a hard worker. He is also known for his aversion to getting up for breakfast and an untidy room. Cliff is well liked in both dorms so we all wish him good luck.

DON SPEERS—Edmonton.

People thought the war ended in 1918 but then Don Speers was born in 1926, then the fun started. Many girls have been disappointed because they didn't get a second look from Don but he's not really a woman-hater—as we of O.S.A. know now. Don attended public and high school at Namao before coming to O.S.A. for a good finish for his education. He is a good sport and is well liked by all. Best of luck, Don.

HOWARD STURGE—Lloydminster.

Howard is a happy-go-lucky fellow that first entered this world on March 28th, 1927. After taking his public and one year high school at Lloydminster he came to O.S.A. to learn more about farming. Howard is very apt at telling stories and enjoys dodging into closets after lights out. The task that he finds hardest at O.S.A. is getting Jackson into bed after lights out.

ALLAN THORLAKSON—Markerville.

This easy going lad was born at Markerville at 9:00 p.m. on January 24th, 1928. He came to O.S.A. at the tender age of sixteen after taking his public school at Old Hala and his high school at Red Deer. He hasn't made up his mind what his ambition is yet but he spends most of his spare time teasing Lohr. Good luck, Thor.

JIM WIGG—Cremona.

Jim was born at Consort in 1927 but moved to Cremona at the age of ten. He received his education at Consort and Cremona. He came to O.S.A. to extend his knowledge of farming and made good use of the time spent here. He hopes to use this knowledge to help him to become a successful mixed farmer. Pastime—Writing home for money.

Favorite Saying—"Don't get in a hurry."

EUGENE ZIMMERMAN—Kelsey.

Eugene first came into the world on July 10th, 1927, in the town of Camrose. He took his high school in Kelsey and then came to O.S.A. He is a hard-hitting defence man for the hockey team and is certainly not shy when it comes to the weaker sex. He wants to become a successful mixed farmer and also to make it into the dorm. sometime after lights out without getting caught.

'Tis the mind that makes the body rich.
The greater the obstacle the more glory in overcoming it.

★ ★

EARL BERGMAN—Erskine.

Earl received his education in Erskine and from all appearances must have been a real success in the fact that he manages to be well up in the first place most of the time. Earl has a thorough knowledge of aircraft and has made this one of his leading hobbies. His ambition is to have his own plane and a little landing strip on his farm. Earl is a great church worker and has made many friends in the town—one in particular.

BERTHA ANDREASSEN—Huxley.

This wee lass appeared in Prince Rupert, B.C., September 17th, 1928 and again appeared in O.S.A. last fall.

We all remember Bertha,
As a figure trim and small,
Come hither smile and sparkling eyes,
For boys so fair and tall.

WILLIAM CHRISTIANS—Red Willow.

The great town of Stettler was honored on August 23rd, 1924 when Bill's parents announced the birth of little Willie. The town of Donalds supplied his schooling and from there he went into the mining business and from there to farming. O.S.A. attracted him and he has made a very fine showing in all respects since arriving here. His skating ability with girls is recognized as being exceptionally high—it should be as Bill has had plenty of practice.

ROBERT CRAWLEY—Drumheller.

Bob is very easily recognized in a crowd as all he has to do is say something and we know he is there. He started this habit on October 11th, 1925 and since arriving at O.S.A. he has made many friends. Bob distinguished himself in the field of actors during one of the class "bits". One of his chief characteristics is the fact that he is always first in the classroom and also number one on hand when there is any food around.

BETTY BAIRD—Kamloops, B.C.

It stopped raining in Vancouver on Sept. 8th, 1927 when our little ray of sunshine, Betty, came into being. As a Two-in-One "Aggie" this lassie was a top notch success, her ability as a soloist in our "Lits" was excellent and her hill-billy songs, as she played the guitar, also called for many encores. Betty was a star on the basketball team, never hesitating to "rough it up" a bit. Her activities and energies are unlimited. We wish you luck in B.C. Betty and glad you came to Alberta!

J. B. DINNING—Edmonton.

Born in Melville, Sask. Educated in Lethbridge and then moved to Edmonton, he travelled to Ontario for three years where he attended Ridley College in St. Catharines. He served five and a half years as a pilot in the R.C.A.F. and had the misfortune to be shot down over Germany where he spent 18 months as a prisoner of war. Jack has been a most popular and active member of the Two-in-One course and has proven himself to be a most capable Master of Ceremonies for the class "Lits".

SHEILA BAKER—Killam.

Born at Burdette on December 27th, 1925. Now resides at Killam. She's the girl that took us by surprise when she took her long week-end and arrived back with a diamond. We wish Sheila future happiness and success.

DAVID DRUMMOND—Strathmore.

This gentleman first pleased the populace on November 8th, 1925. Dave received his education in the town of Cluny and then proceeded to Calgary where he attended Technical School. Dave never experienced a shortage of friends during his stay at O.S.A., this of course covered both boys and girls. Unfortunately we have never had the opportunity to see Dave at work on second base in baseball which is a pity because from all reports he is a star. The third floor has few moments of relaxation when this diamond ace and his very good friend Aubey Hubbard are around getting into mischief.

ARTHUR DUBY—Rainier.

Art was born on June 12th, 1925. He was educated in the town of Rainier and then went up to Brooks to take some of his matriculation. He is a very capable student and along with that is fully qualified as a good farmer. Sheep is the line of specializing Art plans to go in for, he will be off on the right foot as his family have a very large flock at the present time. This future herder, incidentally, played basketball on the school team and proved himself to be very capable.

JESSIE CHIPMAN—Welling.

Jessie was born in Lethbridge, July 8th, 1926 and now resides at Welling where she received her education prior to coming to O.S.A. She is well liked by all and we will always remember her for her willingness to lend a helping hand.

ALBERT FOX—Nanton.

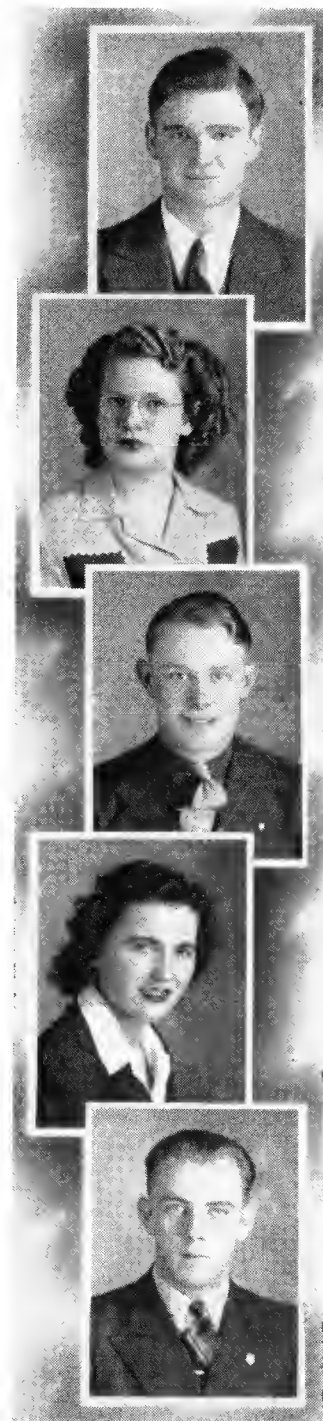

"Foxy" as he is generally known, first made himself heard on December 21st, 1926. This gentleman has proven himself to be a very active, popular student and is forever entertaining "some" of the second floor fellows with his lusty yodelling. Horses are Foxy's strong point and there is very little that he doesn't know about them, the subject of quarter horses is his favorite and he hopes to be able to raise them once he gets settled. On Friday nights we always see this future rancher with his attractive lassie at the dance and on Sundays they will always be seen in church together.

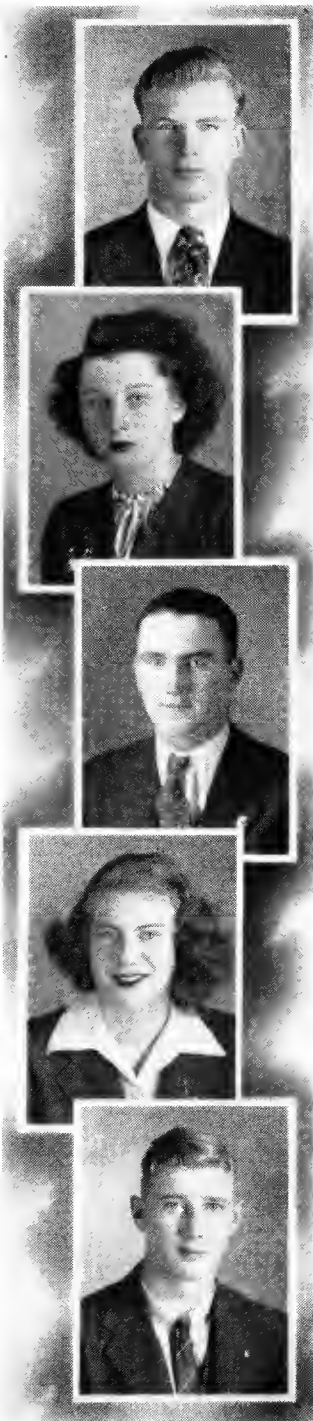

KATHLEEN COLE—Drumheller.

Kay was born in Drumheller, August 26th, 1925. She attended Drumheller High School before coming to O.S.A., where Kay is everyone's pal. Kay's ambition is to become a good basketball player.

ROBERT HELLER—Beaverlodge.

Bob was born in the district of Beaverlodge and stayed around long enough to receive a good education. Bob was in the R.C.A.F. and served overseas doing a number of operations over Germany as a bomb aimer, he retained that sharp aiming eye when he came to O.S.A. and proved this by playing on the school basketball team where he was very successful. Bob will be heading up to the Peace River district as soon as he leaves the school where he will carry on with farming operations and make an effort in the direction of trying to master the game of cribbage.

DELBERT JOHNSON—Barnwell.

This basketball star was born on September 3rd, 1927. His schooling was done in Barnwell. Del made many friends at O.S.A. and was admired by all regarding his outstanding ability as a basketball player. He plans on doing a good amount of sugar beet farming in the Barnwell district when he leaves Olds. Del stands 6 ft. 3 inches in a pair of well-darned socks so when we think of he and Pat Watson rooming together all we can think of is a crowded, food-laden room. Good luck, Del for the future.

SELINA COWEN—Eckville.

Arrived at Eckville on August 20th, 1923. Completed her public and high school there. Very interested in Secretarial work and has worked for the Dominion Government. Selina wishes to become a good cook.

VICTOR MacLEOD KENNEDY—Kelsey.

Mac was born on September 8th, 1926. On completing his education in this district he joined the Canadian Active Army. On his discharge from the army he decided on O.S.A. to give him some assistance in his future life of farming. Mac was one of our finest hockey players and put this sporting knowledge into action not only on the ice but he served as Sports Editor of the Chinook. He was also the Secretary of the Social Committee.

PHYLLIS DUNN—Calgary.

Phyllis was four days from being a Valentine in the year of 1928. This all took place in the town of Strathmore. Being one of our two "Aggies", Phyllis was, along with her friend and room-mate, Betty Baird, forced to take a good amount of kidding but neither one was ever lost for words. Phyllis was the point-getter and leading player of the basketball team. Her fondness for horses is beyond description, her advice in farm machinery has proven invaluable and her desire to be a Veterinary Surgeon knows no bounds.

ROBERT LITTLE—Bluesky.

Bob came to life in the vicinity of the mighty Peace River on June 14th, 1925. Herron Lodge provided him with his public school and he attended high school in the town of Fairview. His 6 ft. 4 inches gains him the nickname of "Little John". Bob has shown his fellow students that he has a good deal of ability in the line of blacksmithing and carpentry, also many of the other subjects on the course. One of this Northerner's chief pastimes is bothering Angus Grieve. Bob will be found in the Peace River at any time, as he plans on developing a good percentage of that territory.

WILLIAM EWART GLADSTONE McDONALD—Eckville.

The town of Eckville greeted this hockey genius in July of 1925 and he has been greeted ever since. His fondness for the school has found him and his friend staying in doing a bit of work on Saturday nights. His interests in town are varied, one of these is very attractive. "Whirly", one of his many nicknames, turned in an excellent performance during the hockey season. He plans on taking up farming just outside of Eckville.

WILMA GUITARD—Olds.

Started her first argument in the Olds Hospital on June 18th, 1928. Took all her schooling except one year in Olds. Plans to attend Varsity next year to take a Dietitians Course.

OLIVER MICHELSON—Stony Plain.

Edmonton is the birthplace of this aggressive young farmer, he was born on May 13th, 1925. The only difficulty that Oliver has experienced since coming to O.S.A. has been trying to keep his room warm and his bed upright, he and his room-mate Bob Little hold open house in their room on the second floor. On completion of his course Oliver will be found at Stony Plain, and if his work as a farmer is on the same level as his school work then he will have no trouble.

MARGARET HABKIRK—Olds.

Marg. first started giving her mother trouble on August 12th, 1928. She took High School in Olds and after her course here she will continue at University. Margaret's hobby is dancing.

NEIL MOWATT—Parkland.

A scholarship brought Neil to O.S.A. and from here he plans on attending University to continue with agricultural studies. Neil led the field in all respects during his stay at the school starting this off by winning high points on sports day. He was elected Class President, a job that was well done, and his ability as a public speaker won him top honors in that field. His work on the school paper, in the choir, innumerable committees, and a recent discovery from the Drumheller district has kept him very busy but he is still first in the class for combination studies, social activities and school welfare. Good luck to you Neil.

ROY MUNRO—Calgary.

This Calgarian was born on January 29th, 1927. His education was received there and on having a great desire to get into the field of a Veterianry Surgeon, he decided to come to O.S.A. for a basic training before moving in the direction of Guelph. "Doc", as he is known to his friends, has a great deal of energy which he spends quite freely on the third floor, he is an ardent fan during any sports event and cuts a very neat flash while operating on a pair of speed skates.

JEWELL INIONS—Mirror.

Jewell was born in Chilliwack, B.C., December 12th, 1926. She came from High School at Mirror to take O.S.A.'s Two-In-One Course. Her chief interest in life is receiving letters.

ELDON OBERG—Forestburg.

Born in the town of Forestburg in 1927, he finished his matriculation in this town and then came to Olds. Here he proved himself as an all round athlete and excelled in hockey. El also sang in the choir and was a member of the 2-in-1 quartet. Recently El has found a new interest in the school and we can certainly appreciate his viewpoint. Anybody passing through the Forestburg area should drop in and see this blonde-haired sport because we believe that you will find a model farm and warm hospitality.

RIGMORE LARSON—Dixon.

This clever little Miss of the fair Nordic type was born in Nijede, Denmark, 1926, she came to Canada when she was two years old and received her public and high school at Dixon. Rigmore wants to take a trip to Denmark.

STAN PARKER—Taber.

Stan was born in June of 1926 in this sugar beet area and took his schooling in that district. At the completion of school he set foot into the commercial world, decided to further his knowledge and wound up at O.S.A. Stan played outstanding hockey for the school and was always on hand to sing in the 2-in-1 quartet. He was also a great organizer for the Lits. We expect to hear more of Stan both in the agricultural field and the hockey circles.

WILLIAM V. PARSLow—Calgary.

Bud was born in Calgary on December 2nd, 1919. Calgary and St. John's College in Winnipeg supplied him with his education. He served five and a half years as a member of air crew in the R.C.A.F. doing operations over Europe and then into the Pacific theatre of war. Bud was a stalwart defenceman on the school hockey team, playing a leading brand of hockey. We expect to find this gentleman operating some very fine land in the Midnapore district.

LOUISE MOORE—Swalwell.

Born at Virden, Manitoba, and has since been a roamer from Los Angeles to Winnipeg.

Her ambition is to make a comfortable chair to sit in. Best of luck, Louise.

PETER PEPNECK—Vauxhall.

Pete was born in the Ukraine and at the age of two started to travel. He came to Canada with his parents and they settled in the Vauxhall district. Most of his schooling was done in this part of the country. Pete has a mania for delving into engines to see how and why they work. One of his chief characteristics is his handwriting, he is also recognized for his ability to play the mouth organ.

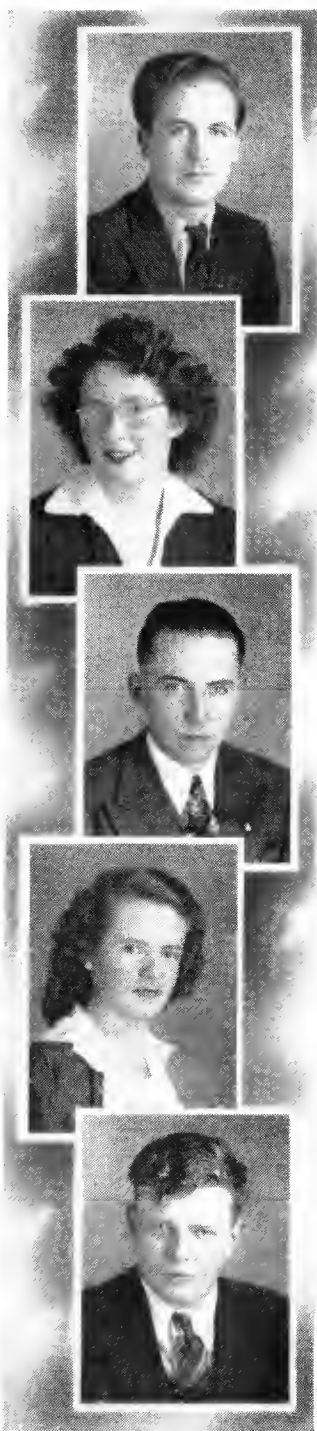

MARIE NOTLAND—Morrin.

Born? Yes. When? July 12th, 1925. Where? Morrin, Alberta. Marie obtained part of her High School education at Morrin and graduated from Camrose Lutheran College. She is well liked by all, especially by a certain Two-In-One "Super Man".

RAYMOND SKRETting—Vauxhall.

Ray was born in Bassano in August, 1925. Ray did his schooling in the Vauxhall district and then came to O.S.A. to further his efforts. On first sight one would think of him being somewhat quiet and retiring but this is altered when you get to know him, he never experiences any difficulty in his social or scholastic activities. Good luck, Ray, in your future work in the Vauxhall district.

PAUL STELMASCHUK—Spedden.

Paul was born in 1923 in Spedden and did the greater part of his schooling there. A scholarship that he won was partially responsible for bringing him to Olds. Following his experience here he plans on making entrance into the University and carry on to a degree in agriculture, if his present standard of ability is carried on then he should encounter no trouble. Paul's sporting interests carry him to baseball diamonds and basketball floors.

PAULINE PATTERSON—Craigmyle.

Born in Calgary February 20th, 1927, Pauline lived her life in Craigmyle where she graduated from High School.

Tall of structure with a jolly laugh,
Polly brings out her better half.
She was moved from 2nd to 3rd floor,
Now we go up there more and more.

ALBERT WAGNER—Clive.

Al was born in December, 1926, the town of Clive being his birth-place. His schooling was done in this town and on finishing there he headed for Olds. One of Al's chief thoughts is to try and get up to Calgary and attend Technical School where he plans on getting some knowledge in mechanics. Al has most certainly proven himself in the field of carpentry here at the school along, of course, with many other subjects.

BLANCHE PATTON—Bon Accord.

Opened her big blue eyes on January 20th, 1927 in a little farm house near Elnora. She took her schooling previous to coming to O.S.A. at Bon Accord and where she plans to spend the rest of her life. Here's wishing you the best for the future, Blanche.

HUGH WATSON—Pincher Creek.

April 29th, 1927 was the birthday of "Pat" and this event occurred in the foothill country of Pincher Creek. Pat went to school in this own and quite naturally believes that he comes from the finest part of Alberta. He is noted for his appetite, his ability as a basketball player and his desire to create a disturbance on the third floor

MARJORIE SERRES—Nelson, B.C.

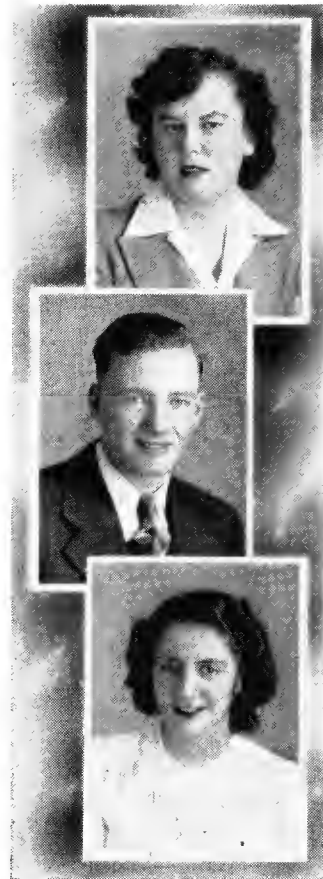

Marjorie hails from the mountains of the Kootenays. She was born in Harrop, B.C., March 23rd, 1927. She won fame in B.C. poultry clubs when quite young. We will always remember Marg's ready sense of humor and smile.

AUBEN P. HUBBARD—Lethbridge.

October 13th, 1922 was the date of Aubey's first birthday. He remained in the "windy city" and took all his education. On coming to O.S.A. Aubey was met at the door by Dave Drummond who had never seen him before, they have been inseparable since that time. We notice that they are always trying to keep one another out of mischief but we also notice that they both are unsuccessful. Aubey plans on going back to the Lethbridge district on completion of his course and we wish him the best of good fortune.

ROSEMARY TRIFILO—Edmonton.

This energetic girl was born in Edmonton in 1927 and received her education there before attending O.S.A. Rose is small and dark with flashing dark eyes. Her main weakness is men.

Conduct is three-quarters of life.

Life is service. The one who progresses is the one who gives a little more—a little better service.

What is good is difficult.

If you would have friends, be one.

Some men succeed by what they know, some by what they do, and a few by what they are.

Cheap jokes go with cheap people.

BELLS

What jars our pleasant slumbers deep?
What bids us down to breakfast creep?
And drags us from our thoughts so steep?
A bell!

What warns us all classes to attend?
What will us home to dinner send?
What from our lips harsh words can rend?
A bell!

Through classes, supper, study hours,
What upon the horizon lowers
And above our conscience towers?
That bell!

It spoils our enjoyment and our fun.
With us it is no longer a pun.
We hate it when all's said and done.
That bell!

But when we leave here how will we know
When we should rise or come or go?
We'll miss it like the so and so!
That bell!

—Marge Plunkie.

The power to endure pain is the first step in education.

Any man who is worth anything will assert himself.

An education is a stock of good ideas and a stack of good habits.

Be a human being first and develop your intellect afterwards.

Every thought is a blow that forges part of our lives. You may scheme and dream, connive and contrive until your hair whitens but you will never find a substitute for hard work.

The man who is looking backward never sees anything until it has passed by.

PROMOTION

Promotion comes to him who sticks
Unto his work and never kicks,
Who watches neither clock nor sun
To tell him when his task is done;
Who toils not by a stated chart,
Defining to a jot his part,
But gladly does a little more
Than he's remunerated for.

ELEANOR ASHBY—Edmonton.

At work and play we want her near
'Cause Dusty's smile gives much good cheer.

RENA BETLAMINI—Pendryl.

Beds upset, rooms all a mess,
Well, who did it, we don't have to guess.

ELAINE BRANCH—Diamond City.

She always gives us a friendly smile,
Tho' very studios all the while.

SYLVIA BREWSTER—Bottrel.

A short little miss with smile so bright,
Sports and riding are her delight.

MARJORIE BURGESS—Beaverlodge.

Marj is of the quiet type,
But we all agree that she's alright.

A blonde young lass with a cheery smile,
She makes several persons' life worthwhile.

EVELYN KING—Leduc.

Her talent in music is really worthwhile,
For it makes us companions all want to smile.

VERA KRINKE—Ferintosh.

Waiting tables and an honest friend,
With accordin playing "good luck" we send.

DELIA LETOURNEAU—Winfield.

She's quite a gal for trying, to settle down to the
grind,
And yet she's always dreaming of the guy she left
behind.

BETTY LEWIS—Markerville.

A lively kid with a fondness for boys,
A smile from Ed is her greatest of joys.

JUNE MONTGOMERY—Morrin.

She's small and slim and always neat,
With her dancing feet she can't be beat.

AUDREY MUNCH—Calgary.

There with her violin tucked under her chin,
Brown eyes and dimples, who couldn't she win?

ANNE NORN—Olds.

This tall lass, from this town does come,
Lends a helping hand—is a friend to everyone.

The bright lass at the head of her class,
And wherever she goes, spirit and merriment
grows.

FLORENCE RASMUSON—Millet.

This lass lends a helping hand to friends along
the way,
And her wittiness, plus a sunny nature, adds a
ray unto each day.

PHYLLIS SPENCE—Dog Pound.

One of the 3rd floor angels, who with us, will
always rank high,
She's been gifted with a quiet good nature, and
an automatic eye.

PEGGY STANDING—Scapa.

By hook or by crook,
She'll be a good cook.

HELEN STORCH—Morrin.

This happy-go-lucky Helen gal
In work or play she does very well.

FIRST YEAR BOYS

ERIC AXELSON—Wayne.

Slow and steady is his pace,
In the end he will win the race.

WILLIAM BARTLETT—Lethbridge.

Little Bill from the land of no sticks,
Is always up to some of his tricks.

ALLEN BOYCE—Red Deer.

Born in '27 woe betide the day,
Now this cheerful lad is at O.S.A.

JAMES BRAITHWAITE—Red Deer.

At playing hockey Jim's one of the best,
As a friend he will stand the test.

JOHN BRAITHWAITE—Red Deer.

Hockey is his favorite game,
Flips his pudding just the same.

ROBERT BREWSTER—Bowden.

Bob is small, dark and slender,
Often is the Dean's offender.

RUGGLES CLARKE—Keremeos, B.C.

A little work and lots of play,
Rugg. enjoys it all every day.

KEITH CHARLTON—Bowden.

Our goalie who lets the odd one pass,
And likes to have some fun in class.

HERBERT GRAHAM CLARKE—Bowden.

Seeks to spend all his time in the carpenter shop,
And let the rest of his studies go to pot.

WILSON CLIFTON—Keremeos, B.C.

A cup of H₂O comes through the door,
To Wilson Clifton revenge we implore.

GLEN COTTINGHAM—Petersfield, Man.

Glen likes to attend all the shows,
Often gets caught when he goes.

WILLIAM COULTON—Consort.

To Bill sleep is the only thing,
Doesn't hear any bells ring.

HARRY CRAIG—Bentley.

On the third floor in Room 18A,
Working hard to get through O.S.A.

GEORGE CRAMTON—Daysland.

A more studious fellow is seldom around,
When someone wants help he can always be
found.

WALTER CURR—Keremeos, B.C.

In Alberta Walter might be slow,
But in B.C. you should see him go.

HAROLD DALTON—Vauxhall.

Harold was on the grain judging team,
Doing alright at O.S.A. it would seem

ARTHUR DAVIE—Youngstown.

Arthur Davie on the second floor,
In basketball has a very good score.

CLIFFORD DOWNEY—Castor.

You can bet Cliff has been around.

ROBERT DUDLEY—High River.

Bob is red-headed, noisy, and tall,
Makes a good showing in basketball.

SYDNEY ELLIS—Innisfail.

Sid is quite a guy to sleep,
When out of classes he can sneak.

GORDON ERICKSON—Eckville.

Came here to find out how things grow,
Found out how much he didn't know.

KENNETH FLETCHER—Hespero.

Now take Ken Fletcher with his curly hair,
With the women he is always there.

FIRST YEAR BOYS—Continued.

ANGUS GREIVE—Lougheed.

He is a lad that's hard to stop,
We all knew he would make the top.

EARL GRIMSON—Red Deer.

A hard hitting defenceman known as Grim,
Who came to O.S.A. to get in farming trim.

HOWARD HABBERFIELD—Airdrie.

Getting to classes he is right on the dot,
Going to show he has never been caught.

ROBERT HAMILTON—Midnapore.

Bob is rather tall and fair,
As a room-mate others don't compare.

RUSSELL HANSON—Lethbridge.

Just out of the army, he came to town,
Finds it hard to settle down.

EDWARD HART—Redlaw.

A quiet southern lad with eyes to the North,
Who came to O.S.A. to show us his worth.

EARL HERBERT—Lethbridge.

Earl sure loves a rest,
In study period he is not so quiet.

DALE JEFFEREY—Midnapore.

Dale is rather small and thin,
What he lacks in size he makes up in vim.

DOUGLAS JONES—Calgary.

Short, stout, and not so shy,
As a student, sure to get by.

EARL KRABSEN—Chancellor.

Whether by habit or whether by fate,
At meals and classes, he is usually late.

ROY KYLLO—Beaver Mines.

A dashing young blonde with smile so gay,
Roy gives his best in work and play.

GRANT LITCHFIELD—Raymond.

Grant seems to be quite the guy,
With the girls he is rather shy.

ROBERT LUCE—Ponoka.

Bob is so full of fight,
He doesn't like to go to bed at night.

LEONARD MARTIN—Donalda.

Leonard is small but full of vim,
In the end he will always win.

HIASHI MATSUNO—Raymond.

His company never did anyone harm,
His ambition is to learn to run a farm.

WESLEY McCAUGHTERTY—Lethbridge.

Wesley came to O.S.A. college,
To get some genuine farming knowledge.

DELMAR McCORKLE—Lethbridge.

Cork likes the women and makes plenty of noise,
Comes in late, climbs in the window, C.B. avoids

C. F. McEACHERN—Lacombe.

Came with good intentions to O.S.A.,
Plans on continuing to B.S.A.

ARNOLD McKNIGHT—Calgary.

Our yodeling cowboy of some renown,
Hails from Calgary, our foothills town.

JAMES McNAB—Macleod.

Jim is studious, that we know,
But home every week-end he must go.

GORDON McRAE—Pincher Creek.

Scotty, the lad that stood second in class,
Is well on his way to obtaining a pass.

DAVID MORRISON—High River.

Not slim and not extra tall,
A quiet fellow liked by all.

ERIC MUNRO—Victoria, B.C.

Eric hails from C.B.,
Pardon me, I mean B.C.

HARRY MULLER—Hussar.

A blonde lad from Hussar,
Finds it hard to be a scholar.

JAMES MURDOCK—Eckville.

His Irish eyes with their romantic glare,
Captured a girl with bright red hair.

Is quite at home with several girls near.

ROY OXTOBY—Innisfail.

A quiet hoy while at O.S.A.,
Will likely make farming pay.

JOHN PATKO—Langdon.

His ambition is to work and play,
And meet his girl while on the way.

DALE PATTERSON—Rolling Hills.

The girls all claim Dale is good looking,
But one back home knows what is cooking.

NORMAN PICKERING—Sylvan Lake.

Came here to learn how to make farming pay,
Has his share of fun along the way.

CLARK PURVIS—Cranbrook, B.C.

Here's to Clark, a lad from B.C.,
He is tall, red-headed and full of deviltry.

LESLIE PETERSEN—Ersine.

Leslie sure tied up Ruggles' night attire,
Even to the point of using wire.

JAMES REIMER—Wetaskiwin.

Tall and slim, often a pest,
Keeps on trying to do his best.

ROBERT SKIBSTED—Hubalta.

Better known as Skippy,
The little man with the loud voice.

GORDON STROMBERG—New Norway.

Big, strong, and noisy too,
By working hard he will get through.

GEORGE SULLIVAN—Dog Pound.

Ceoarge has a manner, very unique,
Captures his women with cave man technique.

GORDON TURNER—Salmon Arm, B.C.

Gordon Turner from Salmon Arm,
Hopes some day to own a farm.

HAROLD ZIMMERMAN—Kelsey.

Harold would like to make good passes,
But he can't do it by skipping classes.

ELECTIONS FOR the office of President, Vice-President and Secretary were held early in the term. The procedure followed was parliamentary which gives us practical and valuable experience.

The Class Executives are the representatives of the student body. It is their duty to work with the various committees in the planning of Lits, Parties, Debates, etc. This is not an easy job and we must congratulate them on a job well done.

A MESSAGE FROM OUR PRINCIPAL

(Continued from Page 10)

and have no prospect of being fully fed for years. So to farmers everywhere goes out the humanitarian call to produce to the limit of their resources whatever foods they can grow to best advantage. As young Alberta farmers this is your immediate task—to help in some small way to heal the scars of war.

To all our graduates—men and women, may I say that in Alberta you have a wonderful heritage,—a veritable land flowing with milk and honey. Productive soil, untold stores of coal and oil, water power, unexcelled scenery, forests and streams, a bracing climate, fine people and a staple government,—what more could you wish? You are equipped to contribute to its upbuilding and development. Your friends at the O.S.A. confidently look to you to measure up to your opportunities, believing that you will use the talents God has given you to become efficient in your chosen calling.

—JAMES MURRAY.

GRADUATING CLASS

How fast hath Time sped by on silent wings,
And in his flight hath made us graduates,
Hath left us trembling at the Gate of Gates;
The Gate of Life and Work of Greater Things,
Two years we've toiled the toil Ambition brings
And striven hard to mark our upward climb
By work well done, and now hath come the time
When all is past save round what memory clings,
Yet proud are we this gate to pass today;
Rest here awhile and gaze along the road
At what we've passed, dream of what lies before—
The ever-broadening path to truths abode
Then, smiling, hence we take again our way
To Try, to Trust, to Triumph evermore.

*Literary
and Social*

THE SOCIAL LIFE of the school was planned by the following:

Brock Patton	President
Clara Storch	Secretary
Eleanor Ashby, Earl Bergman	Refreshments
Kay Cole, Ken Fletcher	Program

Staff representatives kept the scale well balanced by their valuable assistance.

Each week-end we enjoyed dancing and various other entertainments such as a skating party, weiner roast and hike, bingo parties, musical interludes, Sadie Hawkins' evenings and shows. These functions were very much enjoyed by all.

—Shirley Watkiss.

RECEPTION PARTY AND DANCE . . .

The Reception Party and Dance, held by members of the Staff as a welcome to new students of O.S.A., was highly successful.

The new students were all quite reserved, but under the kindly hands of the teachers, all self-consciousness was lost when everyone took part in the various games with great spirit and enthusiasm. It wasn't long until each and everyone was having an enjoyable time, and could really feel at home here at this School of Agriculture.

Games were contributed by the teachers, and among the highlights of the evening was an excellent exhibition of boxing between two Second-Year boys, namely, Hefty (Harry Jacobson) and the Shadow (Orr). Left hooks and terrific blows were landed by the blindfolded Hefty fighter, while his agile opponent neatly escaped the onslaught of the match. Decisive victory was unanimously decided and all due credit goes to Hefty as winner.

In conclusion of the programme, Mr. Murray awarded ribbons to the winners of the Track Meet. Dancing then commenced, the Staff Orchestra providing the music for a very pleasant evening of Waltzes and Fox Trots. Lunch time was made interesting and proved a lot of fun when the crowd was mixed by a method of blind dates. Old and new acquaintances soon acquired the school spirit and although we who are here for the first year still appear quite timid and what have you, we will all do our best to keep up the O.S.A. traditions

INITIATION DANCE . . .

The O.S.A. Annual Initiation Dance was held on the eve of Friday, October 26th, and a good time was enjoyed by all attending. The array of costumes was very colorful as well as becoming to those being initiated, with the exception of the girls whose lack of make-up gave them a slightly washed-out appearance.

Clothes worn were an assortment of pyjamas, curlers, half-upsweeps and half-braids, ties and odd footwear, while the boys attended in an array of trousers (inside out), vests worn backwards, long underwear, scarves, and odd footwear.

Mr. Patching looked very well in lipstick received from the faces of boys who seemed to have an excess of same. Miss Alfred also looked well after receiving the same boisterous goodwill celebration from male students taking part in the initiation.

Of course there were certain rules and regulations regarding the ceremony with fines to match. The proceeds received from the fines are to be turned over to the Milk for Britain Fund. \$8.00 was received from fines, while \$2.00 was donated by patriotic supporters.

On behalf of the freshies, Stan. Parker asked the Two-in-One and First Year Class for a vote of thanks, and we of the Second Year Class greatly appreciate the sportsmanship shown by them.

—Dave Boyce.

COSTUME BALL . . .

A jolly time was had by those who took part in the traditional Costume Ball. It was quite an hilarious affair with an interesting game of "guess who" running uppermost in the minds of all.

There was everything! Everything, including sleek gentlemen in tails, clowns, hayseed farmers, old bustling women, cowboys, sailors, scare crows, college graduates in cap and gown, grass skirts, surprise boxes, nurses, invalids, a handsome air force officer, arabs, native costumes from many parts of the world, and many a boyish figure was graced with swishing skirts.

Capturing the prize for the most handsomely dressed man was Wes McCaugherty in his costume of a dashing pirate.

The prize for the most beautifully dressed girl went to Audrey Munch who was charmingly attired in a Spanish costume.

Don Bryant kept his identity secret beneath a very original Jack-in-the-Box. In fact it was so original that he walked away with the prize for originality. Jerry Webb did likewise in her splendid make-up resembling Old Father Time—1945.

To add to the amusement was a buxom bustling woman with a shockingly red mop of hair. She bore as light resemblance to Orin Hart, who won the prize for his comedy.

A fluttering cackling hen contributed to the amusement also. The feather bedecked chicken laid both a fresh and a hard boiled egg. This in disguise was Helen Storch who won the prize for the most comical girl.

Of such was our Costume Ball.

—Clara Storch.

ALUMNAE DANCE . . .

Once again the O.S.A. halls and corridors resounded with familiar voices, pranks and racket at the return of ex-students for the annual Alumnae Dance, held November 23rd. Many ex-students attended, including those who won this battle of the survival of the fittest and some who were not so successful.

A chartered bus was the means of transportation for about thirty Varsity students, while an assortment of cars and trucks of all makes and descriptions carried others from all parts of the province.

The dance got under way about 8:00 p.m., and was brought to a close at about 1:30 p.m. The Staff Orchestra was given a breather for a half-hour at supper time, while the Student Orchestra played. We did have a good time. There were no classes Saturday morning as just too many students would have found it difficult to arise by school time.

On behalf of the students, we of the Year Book Staff, wish to congratulate those ex-students who have taken part in the beginning of the end and have become engaged. We also wish you the best of luck in your future.

We hope the former students of O.S.A. found it as invigorating and little changed as was the O.S.A. that they attended. Good luck again next year.

—Shirley Watkiss.

MRS. MURRAY'S TEAS . . .

Mrs. Murray, as in the past has again given her home over to the girls on Wednesday afternoons to serve our formal teas. This is a wonderful opportunity and a profitable experience.

A word of explanation for those who are not familiar with these social events. Three hostesses who have served apartment meals, send invitations to the guests, prepare dainty morsels for the tea and provide entertainment. After chatting pleasantly and the tea has been served, everyone gathers around the piano to sing the favorite songs of the day, and upon some occasions budding artists sing or play delightful solos.

Through the kindness and thoughtfulness of Mr. and Mrs. Murray, we have had a perfect setting for our entertainment and have felt very much at home. We wish to thank them very sincerely for this privilege.

—Clara Storch.

THE HIKE . . .

On Sunday, March 3rd, the Social Committee sponsored a Hike for the students. Everyone gathered in the gym to await the go signal. At seven o'clock the trip started with a lot of racket and singing, but as the route was rather drifted with snow the singing soon died out and everyone put their efforts behind the job of hiking.

After hiking two miles south-west, the bonfire was sighted and soon half of the hiking was behind the party. Many heaved great sighs of relief and sank down on anything that presented itself, to await lunch. A second bonfire was lighted due to the size of the herd of hikers. A little impatience was shown by some for the hot dogs and coffee, but they soon arrived and everyone set themselves to the task of eating.

After lunch, songs were sung with Vera Krinke playing the accordian. The circles around the fires grew gradually smaller as the firewood burnt itself away. Small groups broke away from the main herd and started back. Consequently the party broke up and everyone hiked back to good old O.S.A. To some the sight of the college was a sight for sore feet.

All in all it was a very enjoyable hike, a hike to be remembered. On behalf of the students we would like to take this opportunity to thank the Social Committee for a very enjoyable and ever to be remembered evening.

—Dave Boyce.

OLIVER MICKELSON

OUR LITERARY Society, under the excellent supervision of Mr Benn and the Literary Committee, has shown outstanding success throughout this 1945-46 term. In our Friday night "Lits", the class discussions, the public speaking contest, and the class plays, great talent and enthusiasm has been displayed.

The Literary Society provides a medium for self-expression with an aim to amuse, to instruct, and to inspire. This was fulfilled on every occasion.

Staff Orchestra.

Let us recall, Jack Dinning's jokes as M.C., Evelyn King's singing, Bob Brandley's old car, the quartette, Audrey Munch and her violin, Mrs. Moore's enthusiasm as president of the committee, the Staff Play, the talks our R.C.A.F. Vets (Bob Heller, Bud Parslow, Jack Denning) gave on their trying experiences while in the Services, and all the many faces that appeared on the stage and backstage throughout the term. All are to be congratulated, for through their co-operation and generosity, a profitable and enjoyable literary year was experienced by all.

—Cy McAndrews.

The Choir.

AS THE school year draws to a close the Literary Committee can once more report an entertaining and profitable series of programmes. We enjoyed a wide variety of entertainment during the year. Two literary programmes were presented by the Second Year students and by the Two-in-Ones, while the First Year students, owing to their greater numbers, presented four. The students are to be congratulated on the high tone sustained in general; and also on the wide array of talent contained within the student body. We all feel deeply indebted to Mr. Benn for his unfailing kindly help and able guidance.

On the evening of our Christmas Dance, Mr. and Mrs. Peacock were the visiting artists. They were welcomed as old friends, and Mr. Peacock's rich baritone was enjoyed in a varied repertoire which included "Invictus", "Where'ere You Walk", "The Big Brown Bear" and "The Green-Eyed Dragon". Mrs. Peacock's accompaniment at the piano was a delight.

Then there was a musical evening put on by the students which featured vocal, piano, banjo, and accordin solos, vocal duets and quartettes, and a girls' chorus. Miss Mary Kirker, a former student, was the accompanist on this occasion. The programme was brought to a very enjoyable conclusion by a twenty-minute play, "So I'm a Coward", presented by Mrs. Carter, Mr. Yauch and Mr. Paulson. Mr. Paulson made a very convincing burglar.

The "Amateur Night" caused plenty of fun, with the highlight, "The Old Maid's Lament", ably rendered to Miss Moseson. The prize winners were: Miss Moseson, Special; Evelyn King and Vera Krinke, First, Vocal Duet; Arnold McKnight, Second, Guitar and Vocal Solo; Alice Rasmussen, Third, Reading: "Uncle Elmer's Almanac".

DISCUSSION NIGHT . . .

The girls of the Second Year and Two-in-One Classes discussed the topic "What To Do With The Japanese in Canada", after which a lively interchange from the floor took place. The Second Years were represented by Shirley Watkiss and Clara Storch, while Jessie Chipman and Bertha Andreassen represented the Two-in-Ones.

The Public Speaking Contest took place on March 1st with six contestants taking part.

Second Years	Bella Anderson and Orrin Hart
Two-in-Ones	Neil Mowatt and Dave Drummond
First Years	Helen Storch and Marjorie Plunkey

Each ably presented his topic and the judges, Mayor Dunkley, Mr. Forgues, principal of the Olds High School, and Mr. Barbour of the High School Staff, retired to ponder their decision. The awards were granted as follows:

First—Neil Mowatt—"Chemical Gardening".
Second—Bella Anderson—"World Government is the First Step".
Third—Orrin Hart—"Should Homework be Given to School Children".

CLASS PLAYS . . .

As the Year Book goes to press the highlight of the year, the Inter-class Plays, are about to be presented.

The First Year Class, directed by Mrs. Clarke and Mr. Benn, are to present the comedy, "The Final Edition". The cast:

Mert Palmer	Delmar McCorkle
Elmer Fletcher	Bob Dudley
The Doctor	Eric Munro
Mrs. Haddersley	Evelyn King
Police Chief Pemberton	John Braithwaite
Mr. Willoughby	Earl Grimson
Mrs. Willoughby	Clara Jorginson

Mert Palmer, newspaper editor and oldtimer, is fed up with everything and everybody in the little town, except the doctor. He decides to give the paper to his partner, Elmer Fletcher, and in his final edition Mert states exactly what he thinks of everything and everybody in the town. Then he leaves with Elmer holding the bag. Pandemonium ensues but the Doctor is able to restore harmony—so things end happily.

The Second Year Play, "Tangled Webs", is directed by Mr. Yauch.
Cast:

Professor Doolittle	Warwick Burgess
Kate Regan	Alice Rasmussen
Dan Fogarty	Don Speers
Mrs. Pendennis Wilcox	Jane Howatt

Dignified and law-abiding Professor Doolittle is engaged in tidying up his apartment when a girl of the street, Kate Regan, suddenly bursts in and demands the professor's protection from the police who are after her for the theft of a diamond ring. Such a thing is of course contrary to the Professor's ethics and it is only with great difficulty that Kate finally enlists his aid.

Then the Professor discovers the truth of the words:

"O what a tangled web we weave,

When first we practice to deceive."

and in a tangled web indeed does he find himself. However things finally straighten themselves out and there is a happy ending.

We are indeed anticipating the treat in store for us on March 15th with high expectations.

—Louise Moore, President, Literary Committee.

DURING THE past term a great deal of interest was shown in sports activities. Hockey held the spotlight and a fine team of O.S.A. pucksters gave a good account of themselves in a very classy league. Basketball too, claimed its share of attention as the snappy boys' team thoroughly trounced all opposition. The girls' team, under the capable coaching of Mr. Malyon, started the season rather slowly but developed into an aggressive combination which on several occasions "brought home the bacon" for O.S.A.

Many thanks to our coaches, Mr. Gordon, Mr. Malyon and Mr. Patching, for their tireless efforts in aiding the students in all their sports.

—Neil Mowatt.

FIELD DAY

A CLEAR FINE day greeted spectators and participants alike as the Annual Field Day was run off on Friday, October 19th.

Several records were equalled or bettered as athletes battled for the honours. Marie Parsonage compiled a total of 16 points to win the gold medal, emblematic of supremacy in the girls' sports. In the boys' events, Neil Mowatt was awarded the gold medal with Mac Kennedy a close second.

Boys' Events—100 Yard Dash, Neil Mowatt, Del McCorkle; Board Jump, Mac Kennedy, Don Bryant; Standing Broad, Norman Hoppins, Leonard Martin; High Jump, Clark Purvis, Mac Kennedy; 220 Yard Dash, Del McCorkle, Neil Mowatt; Relay Race, 2nd Year, 2-1, 1st Year.

Girls' Events—100 Yard Dash, Marie Parsonage, Marion Fiedler; 60 Yard Dash, Marie Parsonage, Bertha Andreassen; Running Broad, Marie Parsonage, Anne Norn; High Jump, Anne Norn, Muriel Peterson.

The girls' relay race was the most closely contested event of the afternoon. The staff girls, "Manitoba" Parkinson, "Rip Saw" Carter, "Pedigree" Gordon and "Rotation" Patching, galloped to a puffing victory over the Second Year girls.

The 2-1 boys won the honours in class awards followed by the Second Year boys and the First Year boys. The Second Year girls captured the total point award followed by the First Year and the 2-1's.

—Neil Mowatt.

Standing (Left to Right)—M. Parsonage, H. Storch, M. Habkirk, M. Peterson, P. Patterson, P. Gibbs, P. Dunn, B. Bird, C. Storch.
Sitting—B. Andreassen, W. Guitard, M. Notland, L. Olson, K. Cole, S. Brewster.
Inset—Mr. Malyon, Coach.

GIRLS' BASKETBALL

GIRLS' BASKETBALL came into prominence on December 5th when the O.S.A. starlets took the floor against their time honored rivals the Olds High School. The latter edged out a 14-10 decision over O.S.A.

The rivalry was continued in the new year when Mr. Malyon's hoopsters were again trounced by the High School girls.

Undaunted, the O.S.A. girls then faced the young women of the town. At the end of a fast, hectic game, the O.S.A. score card showed 19 points and Olds Ladies 30.

The O.S.A. girls deserve great credit, for in spite of these three setbacks, they practiced harder than ever and were rewarded in securing a victory over Innisfail by the slim margin 18-14.

In the final game of the season the O.S.A. girls, long seeking revenge for their three defeats at the hands of Olds High School, fought to an 18-14 decision over O.H.S.

Much credit must be given to Mr. Malyon for his untiring efforts in coaching, and to each and every one of the girls for their good sportsmanship, win, lose or draw.

In the individual scoring race, Phyllis Dunn starred, collecting the amazing total of 63 points in 6 games. Clara Storch accumulated 20 points, while Betty Baird gained 11 points.

—Neil Mowatt.

Standing (Left to Right)—B. Dudley, A. Davie, D. Johnson, C. Purvis, E. Munro, A. Grieve, H. Watson.
Sitting—H. Matsuno, G. Harrison, Mr. Patching (Coach), A. Duby, R. Heller.

BOYS' BASKETBALL

BASKETBALL got under way in early December when a house league was formed under the able coaching of Mr. Patching. Four teams, captained by Bob Dudley, Grant Harrison, Delbert Johnson and Clark Purvis respectively, played a series of fast exciting games in the gym. The resulting practice enabled Mr. Patching to pick a team of superb players. Combining speed and height, the O.S.A. boys were able to dominate all opposition. One line, consisting of R. Dudley, E. Munro, C. Purvis, A. Davie and D. Johnson averaged 6' 1" in height.

Much credit is due to Mr. Patching, who formerly played for the University of Alberta, for the splendid showing of the O.S.A. boys.

HOCKEY

THE O.S.A. hockey team, under the able coaching and management of Mr. Gordon, entered league competition early in December and participated in ten games.

Unfortunately the water supply at the school proved inadequate and as a result ice was not available for practice. The boys were able to practice only once or twice in the Olds Arena, and during the first few games lacked the polish which ordinarily would have been acquired had ice been available.

In spite of this and frequent injuries, O.S.A. gave a good account of themselves in all games. The team boasted two high scoring forward lines and a stout defence. Students of '45-'46 will long remember the sniping Mac Kennedy and the Braithwaite brothers, the flashing line of McDonald, Oberg and Parker and the slamming body checks handed out by Parslow, Grimson, McCorkle and Zimmerman. Diminutive Earl Herbert in the O.S.A. net foiled goal hungry opponents time and again, and when he was injured Keith Charlton carried on efficiently.

Mr. Gordon receives much credit for the showing of the O.S.A. boys, for not only coaching and managing the team, but also for donning skates and playing on the forward line when injuries had riddled the original line-up.

O.S.A. ARMY CADETS

IN ACCORDANCE with school regulations, a Corps of Royal Canadian Army Cadets was organized in the second week of the 1945-46 school term, under the leadership of 2nd Lieut. G. W. Carter. A company of four platoons was formed with a roll call of approximately 105. After Christmas the Cadets were re-arranged into three platoons.

Officers and N.C.O.'s were appointed as follows:

Major C. McAndrews (Retired)	Sgt. D. Boyce
Capt. C. Purvis	Sgt. A. Duby
Coy. Sgt. Major R. E. Dudley	Sgt. H. Dalton
Coy. Q. M. Sgt. R. L. Brandley	Sgt. R. Munro
Assistant Q. M. G. Cramton	Cpl. W. Bartlett
Lieut. W. Burgess (Adjutant)	Cpl. R. Kylo
Lieut. M. Kennedy (Retired)	Cpl. J. Patko
Lieut. D. McCorkle	Cpl. E. Zimmerman
Lieut. J. Murray	Acting Cpl. E. Axelsen
Lieut. R. Crawley	Acting Cpl. A. Thorlakson

Around the first of November uniforms were issued. A few of the Cadets were too large for the uniforms, as a result had to go without them. Two Church Parades were held, and also one Cadet Dance.

Cadet Parades were held each Monday and Wednesday. Fundamentals of Cadet training and Rifle Drill were taught by 2nd Lieut. G. W. Carter; for Signalling, I. G. Paulson was instructor; while J. Dinning and Angus Grieve instructed in shooting.

The Cadets this year were organized not only for military purposes but also for sports. Some of the sports were: Army Wrestling, Squaw Wrestling and "Bringing Home the Bacon".

Sgt. Major Tillish visited the Corps. on three different occasions, giving a few pointers on drilling. He showed two films on the second visit he made, which were thoroughly enjoyed by all.

On February 15th, Inspection was held in the Gymnasium. The Cadets were visited by Major W. J. Fenny, District Cadet Officer, and his staff. The Inspection consisted of individual inspection in the ranks, march past and the salute. This was followed by demonstrations of rifle drill, army wrestling, platoon drill and range work. Major Fenny later spoke to the Cadets, complimenting them on the efficiency and discipline of the Corps.

After Inspection, the Cadets were discharged, winding up an enjoyable year of Cadets here at the Olds School of Agriculture.

THE LITTLE ROYAL

THE MORNING of March 16th broke bright and clear, much to the satisfaction of all of us here at O.S.A., for on that day was held our Little Royal.

The Little Royal is one of the outstanding events of the year and this year's show was one of the best ever shown.

Lambs and gilts were shown in the Livestock Pavilion, but all other classes were shown outside. The display of butchering was shown in a Dormitory Class Room.

We were again privileged to have Dr. Sinclair, Dean of Faculty of Agriculture, University of Alberta, with us. Dr. Sinclair judged all classes and commented briefly on each class. On several occasions Dr. Sinclair remarked that the fitting and showmanship was so close that placing was difficult.

The boys deserve great credit for a job well done—we would also like to express our appreciation to Dr. Sinclair for judging the show, and to Mr. Gordon for his valuable instruction.

O.S.A. ALUMNI ASSOCIATION

THE O.S.A. Alumni Association is an organization of ex-students who wish to retain some contact with the school and with other ex-students after graduation. The association endeavours to do this by a quarterly publication of a small paper, the O.S.A. News.

A branch of the organization that has been of interest to many is the O.S.A. Experimental Union. This branch distributes parcels of seeds and plants to its members each spring. The one dollar yearly membership to the Alumni Association automatically entitles a member to a parcel of seeds and plants without additional membership to the Experimental Union.

Another branch—the Girls' Alumnae—holds an annual dance each fall. This dance has proven very popular with ex-students as an annual get-together. From the proceeds the Girls' Alumnae sponsors a scholarship to be awarded to some girl returning for Second Year work.

At the last annual meeting of the Alumni Association the matter of a memorial to those ex-students who lost their lives in World War II was discussed. It was left in the hands of the executive to appoint a committee to draw up two or three alternative plans. These plans are to be presented at the next annual meeting for discussion and the ultimate adoption of the one finding most favor with the members.

During the war the Association kept a list of ex-students who were in the Armed Forces. As word reached us concerning such enlistments the names were added. We know that this list is very incomplete, but it is as complete as we could make it by way of correspondence and through the O.S.A. News. As it stands now we have the following:

78 men in the Army.
24 men in the Navy.
100 men in the Air Force.

Of these, nine have been reported killed. Four have received the D.F.C. and one the D.F.M.

In addition seven women were members of the C.W.A.C. and thirteen were in the R.C.A.F. (W.D.)

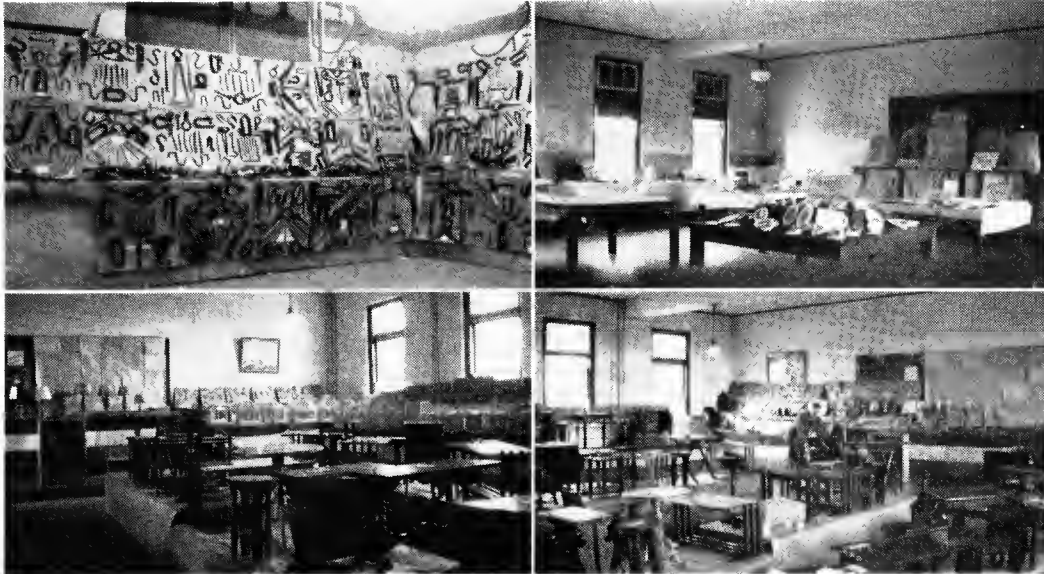

Officers for 1946 were: Honorary President, A. T. Kemp; President, W. C. Gordon; Vice-President, R. C. McGinnis; Secretary-Treasurer, C. E. Yauch.

ACHIEVEMENT DAY

THE ANNUAL Achievement Day again proved to be a great success as many parents, friends and other visitors were present from various parts of the Province.

Mr. Murray opened the day with a brief address explaining the purpose and importance of the event. The fashion parade which followed proved to be one of the feature events of the day, at least to the spectators. The girls "walked the plank" in displaying to best advantage their array of frocks, dresses, suits and various other garments which they made during the term.

Keen interest and excellent workmanship was shown in the cedar chests, lamps, trays, tables, stools, etc., which were on display.

Weaving, rug making, glove making, painting on material, were shown and demonstrated by the Household Administration Class.

The Main Building was kept humming by the many visitors who took advantage of the opportunity to inspect the building and all the displays of craftsmanship which it contained. Sewing, cooking and home nursing were displayed by the girls, as well as projects in blacksmithing and metal work by the boys.

Lunch, including sandwiches, ice cream and cheese, all of which was made by the students, was served in the dairy room and kitchen.

This year's Achievement Day will again go down as one of those eventful days which have contributed so much in building up this fine institution as it is today.

—Mac Kennedy.

THE GOOD SHIP O.S.A.

OCTOBER 16th, 1945. Who among the First Year boys will ever forget the day? We packed our kit bags and headed for the good ship O.S.A. to take up the duties on board that were assigned to each and every one of us. The first few days were taken up almost as we wished, we strolled around to become acquainted with the various stations and ship-mates, and to learn what different bells meant and the manner in which we were expected to behave.

After a short time the shipmates from last year returned to port ready for the trip. The First Year fellows had their first taste of initiations with shoe polish and showers. Some were dismayed by the organization and audacity of this group and many a time wished they were home among more familiar and seemingly friendly faces. It wasn't long however until we were more or less organized too, and this was when we first began to enjoy our stay on board the O.S.A.

We soon found that Captain Murray and his able Lieutenants were doing their best for us, and didn't interfere with our fun more than they could help.

Many humorous and exciting things happened on deck. Remember Old Lieutenant Muscle Building Carter, whom everyone said wrecked more muscles than ten men could hope to build. But we soon saw the reason for this when at the end of the 3rd period, Friday morning, all First Year mates met the Second Year and 2-in-1's in a battle royal on the sidewalk, on the steps, and even in the hallways. Casualties were light and the sport was enjoyed by everyone.

By this time our ship was proceeding at full speed for Port December. On the way time was taken out for a few exams to see if everyone was making proper progress. We finally reached Port December on the 20th, and with many a hearty hand-shake and good wish we gratefully took our leave. Everyone went home for a visit. Christmas and New Year's almost proved too much for some mates as they failed to get back on time. Others had the disappointment of being given an indefinite leave. Soon however the sturdy old ship was under way and it wasn't long until parts of our crew were sent out for sporting duels with other crews. Sometimes we were defeated, other times we won. However, its always give and take. This as done to the best of our ability and a high standard of sportsmanship was maintained by all hands.

Our off hours were taken up in a number of ways. Lit programs, dances, movies, gab sessions and even Dean baiting often proved exciting.

The O.S.A. proceeded smoothly on course for several weeks more. It then began to speed up as we neared our home port of April. Attention became centred on the Little Royal, Achievement Day, and last but not least, the final exams. Everyone began putting in overtime to rush all projects to completion. Those were hectic days, last classes, last lits and then the final exams. We began to think back, to visualize the things we had learned and done, to see where we stood in the history of The Old Ship. We've tried to carry on the tradition set for us by mates of other years and to add something to it for those in the years to come. If we have been successful in this we may consider it a year well spent.

We take another leave and with some sorrow because of the parting with old friends and mates. Some never to be seen again, others, will return to take up stations next year. In either case we have had a grand year and wish the best of old ships many a Bon Voyage.

—J. D. Braithwaite.

TO THE GRADS.

Upon that yawning brink they stand,
Solemn eyed, filled with youthful graces.
Goals or failure lie close at hand.
They yearn intently for unknown places
For the first times, these fledglings still weak,
Yet even within breasts more mature
Reigns a longing to conquer, a desire to seek
A brilliant future, safe, free, secure.
That is their heritage.

Forgotten are yesterdays griefs and pains,
The too apparent futility of mental toil.
Those sorrows have but enriched the gains
In the passing of Life's turmoil.
Who dares to judge their wild ambitions!
What worldling dare weaken their faith!
The world belongs to these by tradition.
Bless the one whose kindness sayeth,
"That is their heritage."

—Marge Plunkie.

ELECTRICITY

MEANS SAFE, ECONOMICAL

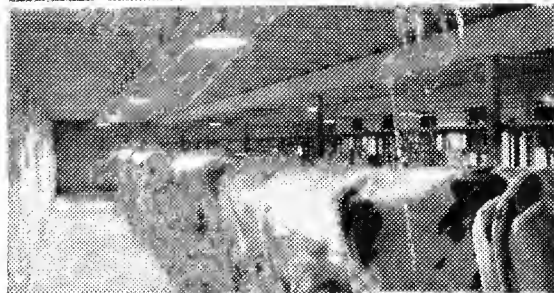

FARM LIGHTING

Safe, economical lighting in house, barn and farmyard . . . at the simple flick of a switch. Clean, dependable light as bright as you like, with never a moment wasted on daily cleaning and refilling of old-fashioned lamps . . . that's just part of the easier, safer life that comes to your farm with electric utility lines!

GENERAL ELECTRIC EQUIPMENT

Sturdy electrical equipment pumps all the farm water for only 75c a month*. It grinds feed for as little as 20c an hour*. It churns; milks; separates cream; hoists hay; even saws wood. And in the house it washes clothes; cooks and bakes; makes ironing an easy, shorter task. Take advantage of electricity's benefits as soon as the local electric utility brings it to your farm!

THE DREAM OF THE FUTURE

The riches of the earth, the accumulated knowledge of the scientists, and the ingenuity of the engineer have made readily available to mankind possibilities of a fuller and happier life. All that remains to be done is to change the thinking of people so that a wealth of goods and services may be more freely distributed.

The aim of the co-operative movement is to free distribution from the shackles of artificial restrictions, to distribute wealth more evenly instead of centering the bulk of it in the hands of a few, and to give the mass of people control over their own economic destiny.

The youth of the nation and of the world should take a great interest in this movement for economic freedom.

KEEP IN CONTACT

Nearly all the students, all the young men at least, have made our acquaintance through bulletins on weed, insects, smuts, etc. We hope that contacts thus established will be maintained, after graduation, through germination and disease tests of cereal seeds, educational exhibits, etc.

The Line Elevator Companies wish the O.S.A. and its alumni all success in their efforts on behalf of better and more prosperous farming.

The Eternal Hills

IN an ever-changing world, the eternal hills remain unchanged. From their towering heights they have watched men come and go . . . governments rise and fall . . . civilizations "abide their destined hour, and pass away."

They have watched man stumble through wars and depressions, to arise again and drive forward, ever progressing in his relationships with his fellow man, in his partnership with Nature . . . in making his lot easier, better, more healthful.

Over thousands of years, man has progressed in his effort to till

the soil more productively. The crooked stick, the plow, the flail, the reaper, the combine, the tractor were long steps on the way that brought to man a freedom—gave him time for tasks other than providing food for his own subsistence.

And now that the war is won, farm equipment again will be available in quantity, and more farmers will take to themselves the blessings and advantages of mechanical farming. And the eternal hills will see another change, as great as any in the past, toward a far richer and finer agricultural life the world over.

CLASS OF '46 AT O.S.A.

This spring will see the birth of the class of O.S.A. '46. Earnest young people will graduate to fend for themselves in the world.

Young men and women starting business or professional careers with higher education have a choice of two roads to follow. They may permit themselves to be overwhelmed with the importance of their education with the result that their years of study are completely wasted. Or they may, on the other hand, put their training to work by adapting it to new needs, new conditions and make of education an asset "more precious than much fine gold".

As this is true for a Graduate, so a large retail organization cannot rely on its past record alone if it is to survive. The name EATON'S doesn't keep our doors open, doesn't keep our thousands of customers satisfied. It's our constant study of the needs and wishes of these customers, our constant use of the experience we have gained that counts.

ELECTRICITY COMES TO THE FARM

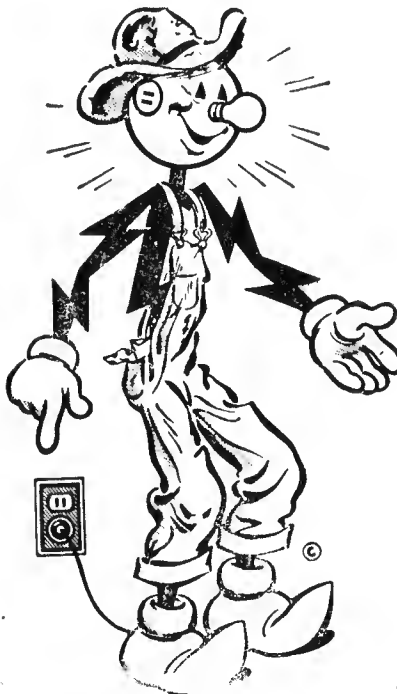

The lightening of farm chores with more efficient farm operation is a direct result of the ever-expanding development of electrical power. Largely responsible

for this advancement in better living is dependable power-generating equipment built by Westinghouse.

The same dependability distinguishes the many Westinghouse electrical devices and appliances by which electricity can be utilized on the farm and in the rural home.

I'M A GOOD WORKER . . .

I probably mean more to the farmer than to any other customer I serve. I help him to do more in less time, thus freeing him for other things.

I hope before long to be working for even more farmers, bringing them the conveniences and pleasures of electrical living.

DIFFICULT TIMES AHEAD

The whole world is disturbed, as is usual after great wars. All kinds of ideas are being put forward to better everyone's lot. Proper, lasting and practical solutions will only come from the fruits of clear thinking supported by all the facts and evidence obtainable. Young people who have taken the splendid training available at the Olds School of Agriculture will be better qualified to make suggestions to help the people of Alberta and all mankind to walk along those paths that will lead to lasting peace and increased prosperity for all.

Let us have faith that right makes might, and in that faith let us dare
to do our duty as we understand it.

Any man can work when every stroke of his hand brings down the
fruit rattling from the tree to the ground; but to labor in season and out of
season, under every discouragement, by the power of faith—that requires a
heroism which is transcendent. And no man, I think, ever puts the plow to
the furrow and does not look back, and sows good seed therein, that a harvest
does not follow.

—Henry Ward Beecher.

The fewer the voices on the side of truth, the more distinct and strong
must be your own.

—Channing.

It ain't the guns or armament nor the funds that they can pay,
But the close co-operation that makes them win the day;
It ain't the individual, nor the army as a whole,
But the everlasting teamwork of every bloomin' soul!

—Kipling.

The man who trusts men will make fewer mistakes than he who mistrusts them.

A picture is a poem without words.

Life is but a thought.

Fox—A wolf that sends flowers.

God gives all things to industry. Let the farmer forevermore be honored in his calling; for they who labor in the earth are the chosen people of God.

—Thomas Jefferson.

I owe all my success in life to having always been a quarter hour before hand.

—Lord Nelson.

The darkest hour in any man's life is when he sits down to plan how to get money without working for it.

The first part of the paper discusses the importance of the research and the objectives of the study. It then presents a literature review of the existing research on the topic. The second part of the paper describes the methodology used in the study, including the data sources and the statistical methods employed. The results of the study are then presented, followed by a discussion of the findings and their implications. The paper concludes with a summary of the main points and a list of references.

The research was conducted using a combination of primary and secondary data. The primary data was collected through a series of interviews with experts in the field. The secondary data was obtained from a review of the literature. The data was then analyzed using a series of statistical tests to determine the significance of the findings.

The findings of the study indicate that there is a significant relationship between the variables studied. This relationship is supported by the statistical analysis. The implications of these findings are discussed in the paper, and it is concluded that the research has provided valuable insights into the topic.

The paper is organized as follows: the first section is an introduction, the second section is a literature review, the third section is the methodology, the fourth section is the results, the fifth section is the discussion, and the sixth section is the conclusion. The references are listed at the end of the paper.
